New Product Release – Crocs[™] Eyewear

Carrollton, March 2018: A&A Optical announces the release of new male and female adult and junior styles from Crocs[™] Eyewear: CF4338, CF4340, JR6021, and JR6022. Crocs[™] eyewear interprets the relaxed and distinctly fun Crocs[™] spirit, incorporating the unique style and creative design in terms of colors, shapes, materials and comfort of Crocs[™] branded products. The collection uses an assortment of high quality materials such as ultra-lightweight stainless steel, hypo-allergenic silicone rubber and flexible polymer.

Ombre. Combination frame **CF4338** features an acetate front and stainless steel temples with ombre color effect. CF4338 is available in 20RD (black front with black to red fade temples), 40BN (brown front with brown to sand fade temples), and 80BE (gunmetal front with blue fade). Size: 53-16-138.

Bright Spot. Combination **JR6021** offers a splash of vibrant color with gradient color harmonies. The acetate frame is available in 20GN (black front with green gradient temples), 30GN (translucent turquoise front with gradient hues of teal, blue and lime green), 35PE (purple front with gradient shades of purple and green). Size: 47-14-126.
