8. STUDIO TO STREET: Designed for the multifaceted woman on the move, Cole Haan StudioGrand eyewear draws inspiration from the New York City ballet with versatile and modern styling. Optical style 5020 features a square shape with a metal front and Ti-Flex bridge technology and lightweight co-injected rubber temples for comfort and durability. Available in soft and feminine color options, StudioGrand eyewear is styled to take the on-the-go woman from studio to street.

9. SPORTY ELEGANCE: Rounded angles and mixed materials on the Nike Flex Motion sunglass reveal an unexpected profile—both elegant and sporty. Metal accents give this frame an edge, and excellent optics and durability make it tough enough for any activity. Adjustable rubber temple arms offer enhanced grip and fit. Lightweight and constructed of durable nylon, this 6-base frame offers everyday coverage with lenses equipped with MAX Optics for precise clarity from all angles.

11. STYLE WRAPPER: A modern update to the classic Georgia silhouette from Kaenon, style Lunada features an iconic wraparound shape with smooth lines and sweeping curves. Constructed with Kaenon's injection-molded TR-90 frame material, Lunada offers a flexible and lightweight fit for all-day comfort. Kaenon's SR-91 polarized lenses provide superior optical clarity and impact resistance making it ideal for women with active lifestyles.
